**Other Languages:** CSS3, HTML5
**CS Fundamentals:** Object-Oriented Programming, Data Structures & Algorithms, Problem Solving
**Tools:** Git, GitHub
**Soft Skills:** Teamwork & Collaboration, Presentation, Communication, Analytical Thinking

## PROJECTS

**Bank Management System** | *C++, OOP* github.com/Galal-Younes/bank-management-system
- Developed a console-based banking application applying OOP principles (classes, inheritance, encapsulation).
- Implemented Customer, Employee, and Manager roles supporting account creation, deposits, and withdrawals.

**Clinic Management System** | *Java, OOP* github.com/Galal-Younes/clinic-management-system
- Built a console-based clinic appointment system to manage patient and doctor records.
- Supported multiple payment methods with an OOP design for modular, maintainable code.

**Personal Portfolio** | *HTML, CSS* github.com/Galal-Younes/Portfolio
- Designed a responsive personal portfolio with typewriter animation and scroll-reveal effects.
- Built dedicated sections for skills, projects, experience, education, and contact.

**Practical Project** | *HTML, CSS* github.com/Galal-Younes/practical_project
- Built a multi-section responsive landing page with features, team, gallery, testimonials, and pricing sections.

**Kasper Landing Page** | *HTML, CSS* github.com/Galal-Younes/kasper
- Built a responsive landing page with CSS-only dropdown navigation and pseudo-element hover effects, without JavaScript.

**Leon Landing Page** | *HTML, CSS* github.com/Galal-Younes/Leon
- Built a responsive business landing page practicing layout structure and styling fundamentals.

**Web Craft** | *HTML, CSS* github.com/Galal-Younes/web-craft
- Built a responsive business landing page practicing layout structure and styling fundamentals.

## EXPERIENCE

**Tourist Library Administrator — Master, Wadi El Natron, Egypt** *Jan 2025 – May 2026*
- Assisted local and international tourists with inquiries and purchases at a tourist bookstore.
- Strengthened communication and customer service skills through daily customer interactions.
- Gained experience understanding and responding to customer needs in a professional environment.
